

FIRE PROTECTION ENGINEER

Los Angeles, CA St. Louis, MO New York, NY

Company Background

Code Consultants, Inc. (CCI), an internationally recognized fire protection engineering and life safety consulting firm, is seeking professionals of all experience levels for employment in Los Angeles, St. Louis and New York.

Founded in 1973, CCI is an industry leader, providing a diverse range of crucial fire protection and life safety consultation and design services including but not limited to:

- building and fire code consulting
- life safety consulting
- hazardous materials analysis
- accessibility consulting
- fire sprinkler design
- fire alarm design
- mass notification design
- fire and egress modeling

CCI's staff consists of experienced, trained professionals with backgrounds as fire protection engineers, architects, civil/mechanical/electrical engineers, code officials and members of the fire service.

Job Description Summary

Responsibilities will include working on and management of a wide variety of projects regarding fire protection and life safety.

Participation in business development initiatives to expand and develop CCI services and offices.

Qualifications

Candidates must have a degree in fire protection engineering or related engineering discipline, and experience in the fire protection and life safety consulting field is preferred.

Candidates must have knowledge of Building and Fire Codes, and NFPA Codes and Standards related to fire protection and life safety.

Candidates need to be motivated, capable of working independently, have excellent written and verbal communication skills, and motivated by growth opportunities for themselves and CCI.

Compensation

CCI offers an excellent salary with a performance-based bonus program, and benefits (including 401(k) with matching contributions, health, dental, vision, life and disability plans).

Contact

Interested and qualified candidates please send your resume to CCI's Human Resources Department at HR@CodeConsultants.com.
